TailwindCSS

Bootstrap

## Education

**2016 - 2019**      *Network Engineering*  
@ SMK N 3 Batam

**2019 - Present**      *Multimedia & Network Engineering*  
@ Politeknik Batam

## Certification

*Junior Web Programmer*  
by BNSP

*Intermediate Motion Graphic Artist*  
by LSP AINAKI

## Experiences

➔ **Back-End Developer**  
*Project-Based Learning ( Early 2022 - Present )*

Enrolled to **PBL Hidropol (IoT Hydroponic Polibatam)**. Assigned as Back-End Developer. I have a task to create an API for synchronize hardware data to our website using MERN Stack. And also help for Arduino Programming.

➔ **Intern Fullstack Designer**  
*PT. Asia Proo Teknologi ( Late 2021 - 2022 )*

Creating UI and translate it to Front-End design using Figma, ReactJS, and TailwindCSS. And also make some illustration for assets.

➔ **Fullstack Web Developer**  
*Project-Based Learning ( Early 2021 )*

Enrolled to **PBL LaporPak : RT/RW Management Web-Based Apps**. Work as Fullstack Developer. I'm creating UI Design, translate it to Front-End Design. And make the dynamic data for the web as Back-End Developer.

➔ **Intern Network Administrator**  
*Nurul Islam Group ( 2017 )*

Monitoring and setting up surveillance camera locally, and helps other employee for their computer network and printer.
